

ESTES VALLEY FIRE PROTECTION DISTRICT

PREVENT PREPARE PERFORM

Dear Prospective Member:

Thank you for your interest in the Estes Valley Fire Protection District. Our organization has proudly served the Estes Valley for over a century with the help of volunteers just like yourself.

Each year, the EVFPD conducts a new membership test series for prospective volunteer members. After submission of this application, the following will be completed:

1. Driving record and criminal background check
2. Physical agility test (required to attend the Fire Academy)
3. Oral interview

Applicants who successfully complete all portions will become probationary members with the organization.

Please look over the attached information and complete it accurately for consideration at our next testing session. After completion of this application, please return it to either Chief David Wolf or Administrative Assistant Erika Goetz at the station. It may also be mailed to: **EVFPD Membership Committee, 901 North Saint Vrain Avenue, Estes Park, CO 80517**. You will receive confirmation when the driving record and criminal background check have been completed to schedule your physical agility test and interview.

Thank you again for your interest, and Good Luck!

Sincerely,

Rick Lasky, Fire Chief
Estes Valley Fire Protection District

Candidate Physical Ability Test

Instructions

- Complete all of the following events within a time-frame of 10 minutes and 30 seconds (10:30).
- This is a pass/fail test. Failure to complete any event or within the allotted time will be a failure of the test.
- You will be given two warnings to not run between events. Running a third time will be a failure of the test.
- Clothing: 50 pound weight vest (provided), appropriate clothing, appropriate shoes.

1. Stair Step

Warm-up time: 20 seconds at a rate of 50 steps per minute. Test time 2:00 minutes at a rate of 60 steps per minute. (Total stair time: 2:20) Candidate may touch or grab the side or rail or dismount the stair stepper twice during the warm-up time. The 20 second time will restart after such actions. Ability test time will start immediately at the end of the warm-up time (with no break). If candidate touches or grabs the side or rail or the stair stepper during the test time he/she will be given a warning. A second such action will be a failure of the test and the test will be concluded. If the candidate dismounts the stair stepper during the test time such action will be a failure of the test and the test will be concluded.

Walk 85 feet to ---

2. Hose Drag

Drag a 1 ¾ inch dry hose 75 feet to a drum, go around the drum and take a 90 degree right turn, drag hose an additional 75 feet to a marked area, turn and face the hose, then on one knee pull 50 feet of hose past the marked finish line. You will be given 1 warning for grabbing the drum for support. Grabbing the drum a second time, failing to drag the hose around the drum while staying within the marked area, not pulling the hose properly, or not completing the event will constitute a failure and the test will be concluded. This is the only event in which you may run. The hose must be placed over your shoulder or across the chest.

Walk 85 feet to ---

3. Equipment Carry

Remove both saws, one at a time, from the compartment and place them on the ground: pick up both saws simultaneously and carry them 75 feet to and around the marker then back to the compartment. Place both saws on the ground and replace each saw individually back in its respective compartment. You will be given one warning for running. Dropping a saw or running a second time will be considered a failure and the test will be concluded.

Walk 85 feet to ---

4. Ladder Raise / Extension

Grasp the top rung of a 24 foot aluminum extension ladder and walk your hands down the rungs raising the ladder. After the ladder is raised, extend the ladder fly to the pre-marked point, then lower the fly back to the ground. Use a hand over hand raising and lowering motion. You will be given one warning for missing a rung. Missing a second

rung, dropping the ladder or having an uncontrolled lowering of the fly will constitute a failure and the test will be concluded.

Walk 85 ft to ---

5. Forcible Entry

Using a 10 pound sledge hammer, strike a target plate that is 36 inches off the ground 6 times. You will be given one warning for stepping outside of the box. Losing your grip on the sledge hammer or stepping outside of the toe box a second time will constitute a failure and the test will be concluded.

Walk 85 feet to ---

6. Search Event

Crawl on your hands and knees through a tunnel that is 64 feet long, 3 feet high and 4 feet wide. The tunnel will have two narrow points and obstacles to crawl over, under and around. The tunnel will be dark. Exiting the tunnel through an escape hatch will constitute a failure and the test will be concluded.

Walk 85 feet to ---

7. Rescue Event

Grab a 145 pound mannequin by the straps and drag 35 feet around the marker then back to the finish line. You may let go of the straps to get a better grip but you must grasp both straps when pulling. Not completing the drag or not going around the marker will be considered a failure and the test will be concluded.

8. Ceiling Breach / Pull

Using a pike pole, push up on a weight system 3 times then move to the pull down counter balance. Pull down 5 times, this completes one set. Proceed back to the platform; repeat the procedure until 4 sets have been completed. You are given one warning for dropping the pike pole and one warning for stepping outside the marked area. Dropping the pike pole or stepping out of the marked area a second time will constitute a failure and the test will be concluded. Losing your grip on the pike pole but not dropping the pole to the ground will not count for a warning.

You have 10 minutes and 30 seconds (10:30) to complete the entire course. Failure to complete any event or within the allotted time will be a failure of the test and the test will be concluded at that time.
